

Minerva Appointments Environmental Policy

Minerva Appointments recognises that in our day to day activities we have an impact on the environment and we wish to minimise the potentially harmful effects of such activity wherever and whenever possible.

Minerva Appointments is committed to minimising the impact of its activities on the environment by means of a programme of continuous improvement.

Essentially we will:

1. promote recycling and the use of recycled materials, whilst reducing the consumption of materials wherever possible;
2. minimise waste as much as possible;
3. use environmentally safe and sustainable energy resources to meet our needs wherever possible;
4. endeavour to source goods and services from local organisations to minimise the impact of the delivery of those goods and services;
5. ask those suppliers to maintain high environmental standards;
6. encourage our staff to minimise car usage and to consider public transport when travelling on behalf of Minerva Appointments.

We have undertaken to help each member of staff understand and implement the policy in their day to day work.
